

- 1) Application: Blackboard
- 2) Tasks to be improved:
 - 1) Submitting Assignment
 - 2) Getting Contact Information
- 3) Goals for improvement: Contact information is too deeply buried on blackboard, it needs to be one of the first things you see. Assignments aren't in a standard place across any given class, and this can make it difficult to be sure you've found all the assignments that need to be done. Overall I intend to improve the "Course Home" page to improve both of these things.
- 4) I expect it to take significantly fewer clicks and less time to both find the contact information and to submit assignments.
